

# City of Goodland

PO Box 59 204 W. 11th St.

785-890-4500

[www.cityofgoodland.org](http://www.cityofgoodland.org)

Newsletter for March 2017

No winter lasts forever;  
no spring skips its turn.

**Kansas Begins Here!**

Pick up will begin at 7am on

**Monday, May 1st** beginning at

**17th and Cattletrail, working north and east.**

Residents may place any unwanted items **TO THE CURB** of their front yards prior to Monday morning.

Please do not obstruct alleyways. City Crews will pick up any discarded items throughout this week.

**\*\*\*The following items will NOT be permitted:**

*Tires, Grass, Garden Waste, Paint, Household Hazardous Waste*

**Trees need to be cut to 4 foot length.**

There is no need to phone in your pickup, just place the items at your curb, during that week.

***With your help and cooperation, we can obtain the City Commission's goal to beautify Goodland!***

## Power Plant Operator I

The City of Goodland is accepting applications for a Power Plant Operator I. This is an entry-level position with the Goodland Electrical Department which will include on-the-job training in power plant operations and processes. Applications are available online at [www.cityofgoodland.org](http://www.cityofgoodland.org) and should be submitted to Crystal Van Vleet, Human Resources, P.O. Box 59, Goodland, KS 67735. Electronic submittals can be made to [hr@cityofgoodland.org](mailto:hr@cityofgoodland.org). The City offers an excellent benefit package, including fully-paid health insurance premiums. Position open until filled. EOE

On March 11th at 2:00pm,  
**HIGH PLAINS MUSEUM** is presenting

**"Buffalo on the High Plains:  
Sharing Local Buffalo History"**

Stop by the museum to share your buffalo stories and collectibles, while you visit with special presenters.

Price includes all materials  
Scholarships available  
Refund with 48 hour cancellation  
Registration form to be completed prior to participation

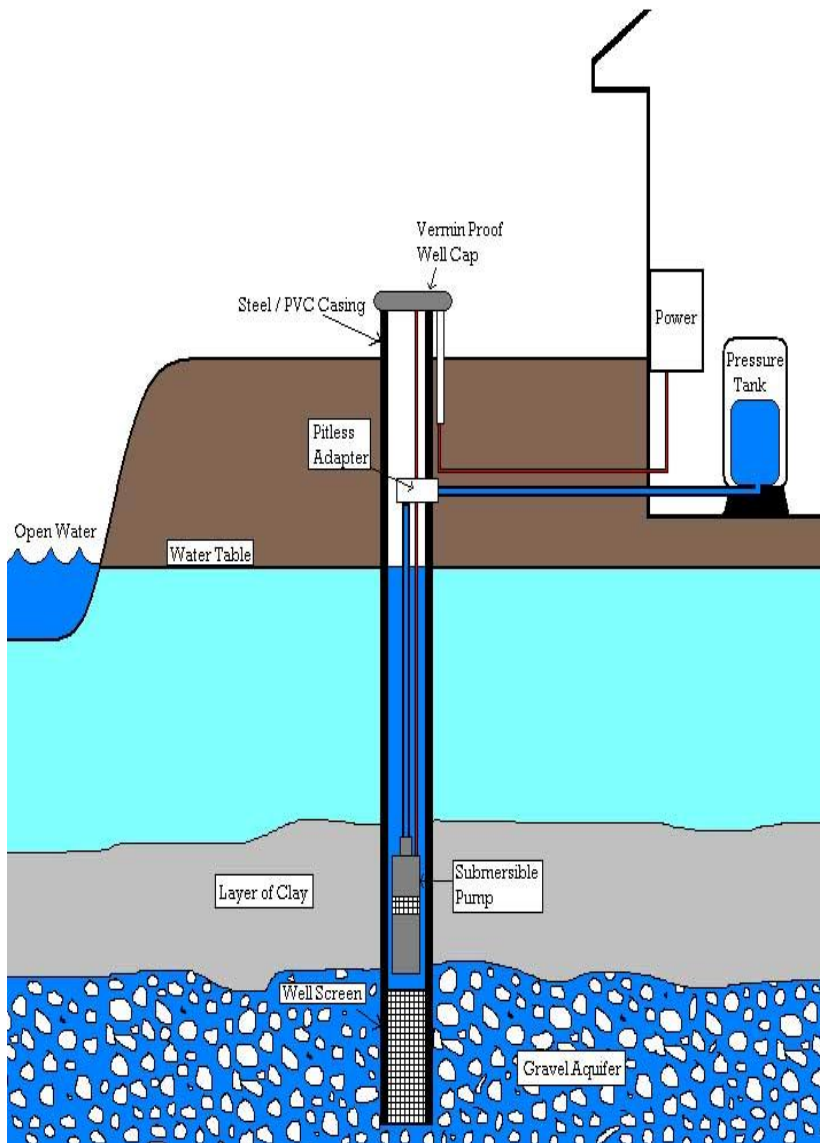

**ALL PROGRAMS HELD IN BASEMENT OF THE CARNEGIE ARTS CENTER**

Most of us have never thought about where the water comes from, when we turn on the faucet. The residents of Goodland get their water from 1 of 9 wells, operated by the City of Goodland. An example is shown below.

### Understanding Water Wells and How They Work

A well is the most common way to obtain groundwater for household use. A well is basically a hole in the ground, held open by a pipe (or casing) that extends to an aquifer. A pump draws water from the aquifer for a distribution through the plumbing system. The depth to which wells constructed is determined by factors such as (1) depth to ground water, (2) the groundwater quality, and (3) the geologic conditions at the well site.

The City of Goodland  
will be accepting applications, beginning April 3rd,  
for the 2017 Summer Season Lifeguards and  
Concession Workers at Steever Water Park.

Applications may be obtained from the  
City Office,  
Mon - Fri, 7am-4pm  
Applications taken until positions are filled. EOE

### Goodland Public Library

Spring Break is coming soon! Stop by  
the library to see the children's activi-  
ties planned for that week.

If you are going to be traveling soon,  
you may want to get on the list to  
check out a mobile hotspot. These  
devices provide WiFi on the go.  
Patrons can check out the WiFi  
Hotspot devices now, for a lending  
period of 7 days. Visit the library to get  
started!
