The SCHS Alumni Association encourages all residents to turn out for the 2019 Homecoming parade & pep rally on October 11th, as the Cowboys prepare to meet the Concordia Cougars at 6:00pm. Join us & be part of a Cowboy homecoming victory!

The parade begins at 2:00pm at the Max Jones Fieldhouse headed towards 13th St. & Main St. The parade will then proceed north to 8th St. The pep rally will follow the parade, taking place at the Max Jones Fieldhouse. It will feature skits by the senior parents and senior members of the Football team, routines from the GHS cheerleaders, and the annual presentation from the "Jumpin' Juniors" with music from the GHS band.

NEW THIS YEAR! We are asking ALL watching the parade **TO PARK THEIR VEHICLES ON THE SIDE STREETS OF MAIN STREET.** Beginning at 8am on the day of the parade, parking on the 900, 1100, and 1200 blocks of Main St. will not be available until conclusion of the parade.

For more information about participating in the parade or to obtain an entry form, please contact Sarah Linton at 785-890-8726.

LET'S
GET
READY

Not every hero wears a cape.
PLAN and PRACTICE your ESCAPE!
 firepreventionweek.org

SAFETY TIPS

- » **MAKE** a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- » **KNOW** at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.
- » **HAVE** an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- » **PRACTICE** your home fire drill at night and during the day with everyone in your home, twice a year.
- » **PRACTICE** using different ways out.
- » **TEACH** children how to escape on their own in case you can't help them.
- » **CLOSE** doors behind you as you leave.

IF THE ALARM SOUNDS...

- » If the smoke alarm sounds, **GET OUT AND STAY OUT**. Never go back inside for people or pets.
- » If you have to escape through smoke, **GET LOW AND GO** under the smoke to your way out.
- » **CALL** the fire department from outside your home.

FACTS

- ! A closed door may slow the spread of smoke, heat, and fire. Install smoke alarms inside every sleeping room and outside each separate sleeping area. Install alarms on every level of the home. Smoke alarms should be interconnected. When one smoke alarm sounds, they all sound.
- ! According to an NFPA survey, only **one of every three** American households have actually developed and practiced a home fire escape plan.
- ! While **71%** of Americans have an escape plan in case of a fire, only **47%** of those have practiced it.
- ! **One-third** of American households who made an estimate thought they would have at least 6 minutes before a fire in their home would become life-threatening. The time available is often less. And only **8%** said their first thought on hearing a smoke alarm would be to get out!
