KEEP YOUR YARD FREE OF NUISANCE ANIMALS

Spring is almost here & with it wildlife & their babies will be coming out soon. Prevention can be key to keeping these unwanted critters out of your yard & home. Here are a few tips to help:

1. Trim shrubs & bushes to 18-22 inches above ground.
2. Keep yard & home cleaned up of debris & trash.
3. Don't leave your pets food & water bowls out after dark or near your home
4. Make sure trash bins have covers or lids & are tightly closed
5. Take care of & check for any standing water.
6. Be careful when handling yard debris, like tree branches, wood, old cans or anything else snakes, mice, & spiders would like to live or hide in.
7. Cover window wells & inspect chimneys & attics for any way animals could get in
8. Lastly feel free to call Dispatch or the Game Warden if you need help removing wild animals.

785-342-7382

****Please remember that it is Against City Ordinance to push or place snow from your property into City streets. Snow should be piled on/within your property or yard.**

Thank you for your cooperation!

LEAVE WILDLIFE ALONE!

MAMMALS of KANSAS

Cold Weather Preparedness

Home
Check the furnace
Check chimneys
Check carbon monoxide detector
Insulate exposed pipes

Car
Check the battery
Check the coolant
Check the tires
Have jumper cables
Have a blanket

Pets
Bring pets inside
Provide shelter & fresh water
Keep salt away from paws

Outside
Dress for the conditions
Limit your time outside
Check on others
Watch for signs of frostbite or hypothermia

Please **do not** Flush

Even though a product may be small enough to be flushed, does not mean it should be. Flushing items that are not meant to be flushed, including those labeled *flushable*, can lead to problems in the sewer system, at the wastewater treatment facility, and for the environment.
