PUBLIC COMMENT

A. Craig Lovelace: GRMC Update – Craig provided an update of year end revenues and expenses, with final numbers later in month. 2022 was another good year for the hospital. COVID money was available for hospitals in 2021 and 2022 but there will not be any in 2023. Craig stated, the national trend for turnover in healthcare is about 25%, GRMC is about 22% so we need to continue to work on turnover. Salaries are a large expense for the hospital but have worked to maintain our employees. We are rolling out the next step of our strategic plan. As a reminder our emphasis is to invest in our core services, investing in our employees and taking care of our customers.

PRESENTATIONS & PROCLAMATIONS

A. SCCD Update: Executive Director Oharah & SCCD Board - Julica stated, we are excited for events this year. Upcoming events are posted on our web site. People were excited about events last year. We moved Shindig on the Smokey to Saturday night, planning runway revelry at the airport, again along with a back to school bash in conjunction with one of our three concerts in the park. Information for vendors is posted on our website. In December 2022 we were awarded a rural prosperity grant in the amount of \$49,200. Funds will be used to improve a teen room at the library, project at Central School and the Main Street sound system. Projects must be complete in 2023. For the sound system we have parts, just waiting on wire. Our plan is to have system in place by summer. We worked with the City on the BASE Grant application and had Brenna Henry from the college assist in the application. We are submitting MIH application again. There are three rounds awarded in this grant, with focus on communities of 10,000 and less. The State advised us with improvements to our application and we are also working on that with Brenna. The project is to build a house on vacant lots. Goodland received an award from the HEAL Grant, which is for the downtown district/ Main Street buildings. Only one award is allowed in each county. We are looking at other entities to partner with grants for the Welcome Center to get outside restrooms. As far as SCCD, our first year was a learning year; this year focus is a baseline for available incentives. We request the commission have a representative on the board to discuss incentives. We also have representatives from the county and SCCD board to ensure incentives MINUTES Goodland City Commission February 6, 2023 Page 2

are fair across the board. Commissioner Showalter asked, what Main Street building received the grant? Julica stated, one of the old Caldwell buildings. Mayor Thompson stated, I am excited about activities this year, it was fun last year. You have a lot going on with the grants. Julica stated, there is interest in doing a community BBQ again this year if City is interested in assisting. I have provided Kent dates for concerts the Commission can review.

ORDINANCES AND RESOLUTIONS

- A. Resolution 1610: GAAP Waiver 2023 Commissioner Redlin stated, I understand we are on cash basis, is there a reason we do not do accrual? Mary stated, there are many associated costs where the costs do not benefit the City. There is information in packet from audits of many cities our size that approve the waiver. Kent stated, GASB 34 issued standards for municipalities to follow and it does not provide the benefit to the city. We follow regulatory accounting; we simply work on cash basis not accrual. Many cities our size follow this plan. Commissioner Showalter asked, how long has the City been using waiver? Mary stated, many years before I started at the Commissioner Redlin stated, accrual basis tracks long term monies better. Thompson stated, using accrual gives you a better estimate of accounting. I do not feel it is a bad thing, but at same time it is costly to switch accounting basis. I always consider it when this comes around. It is a complicated concept but tough to get a good reason to approve waiver. Kent stated, how do you depreciate city assets? When depreciate to zero, we do not replace the street or equipment. I do not understand the end result you are trying to communicate. When we have a bond, attorneys look at our audits for anything that raises a red flag. There have not been questions over the last number of years because our bond rating is good. I hope this provides Commission a little more information. Commissioner Showalter asked, does auditor make a recommendation. Kent stated, they do not but will say it is more costly for the City. ON A MOTION by Vice-Mayor Howard to approve Resolution 1610: 2023 GAAP Waiver seconded by Commissioner Showalter. MOTION carried on a VOTE of 5-0.
- **B. Resolution 1611: Designating Depositories -** Mary stated, the City is required to designate depositories annually. **ON A MOTION by** Commissioner Redlin to approve Resolution 1611: Designating Depositories **seconded by** Commissioner Garcia. **MOTION carried on a VOTE of 5-0.**
- C. Resolution 1612: MIH Grant Application 2023 Kent stated, Julica mentioned there will be multiple grant cycles for MIH grant. Application is due by February 17th and as part of the application they requested a new resolution from the commission. There are three vacant lots in application. Julica stated, the State is working with every application to ensure a strong application to increase likelihood will receive funding or apply for funds again. Kent stated, Julica received feedback that the State likes the focus of our application for lots where utilities are close to complete project, rather than a new development. Mayor Thompson asked what will funds be used for with the grant? Julica stated, the application is for new construction on the vacant lots. Hoping to use same process and build houses on vacant lots in future. ON A MOTION by Commissioner Showalter to approve Resolution 1612: MIH Grant Application 2023 seconded by Commissioner Redlin. MOTION carried on a VOTE of 5-0.

B. Pipe Inspection Camera Purchase: Wastewater Department - Kent stated, wastewater department requested push camera system to insert in mains to determine problems. Neal stated, we also use the camera in the water department to locate leaks. Our current camera does not work and we need with upcoming project. We recommend the camera from Key Equipment and Supply because of settings available to locate problems. Kent stated, according to the purchase policy I can authorize the purchase but we want to inform commission of purchase. Vice-Mayor Howard stated, it is good we can purchase equipment to make work easier for our crews.

- C. Update on 106 N. Caldwell: Unfit Structure Jeff stated, commission designated structure as unfit in January. Paperwork for new owners has been filed and back taxes paid. Kendal Cooper has purchased property and started improvements. Mayor Thompson stated, I am glad to get someone improving property.
- **D. Joint Meeting Request: County Commission** Kent stated, a tentative joint meeting date is March 23rd. I would like to invite a member of the housing board to the meeting. IV. BACKGROUND INFORMATION:

When Rich was here, the Street department looked into replacing a loader. There was demos and talked to sales reps about specs on the loaders. Loader was not purchased at the time. The Street Department is looking to follow through on this project. The current loaders that the Street Department has are a 1990 John Deere Loader, 1998 John Deere Loader, and a 2006 New Holland Loader. These dates show that the city was purchasing a new loader every 8 years. As of right now, it has been 17 years since the City replaced a loader. The 1990 John Deere has a list of issues that are listed on an attached flyer, and it is 33 years old now. Included on the list is an itemization of repairs that this machine could use, due to its old age plus some other items that are normal wear and tear items. Discussion will center on replacing the 1990 John Deere with a loader similar in size. The Street department does have this item budgeted in two line items in the merf. account. (since the Department has 3 loaders and during certain events, uses all 3 loaders.)
