Don't Forget to change your  
clocks!

March 12th at 2 A.M.

## High Plains Museum News

The traveling exhibit "In the Fields of Time" will be at the museum until **March 20th**. Stop in and learn how two Kansas boys changed the field of archaeology and see amazing fossils from the area.

Our next exhibit is "Toys Through Time" and will feature toys from our collection. We are pleased to partner with the Northwest Kansas Scale Modelers Society for this exhibit as and display their amazing models.

## Building permits are **required** before:

- Performing any structural work
- Installing windows
- Replacing roof
- Installing/replacing any electrical, gas, mechanical, or plumbing system

Please contact the City if you have any  
questions!

## **KEEP YOUR YARD FREE OF NUISANCE ANIMALS**

Spring is almost here & with it wildlife & their babies will be coming out soon. Prevention can be key to keeping these unwanted critters out of your yard & home. Here are a few tips to help:

1. Trim shrubs & bushes to 18-22 inches above ground.
2. Keep yard & home cleaned up of debris & trash.
3. Don't leave your pets food & water bowls out after dark or near your home
4. Make sure trash bins have covers or lids & are tightly closed
5. Take care of & check for any standing water.
6. Be careful when handling yard debris, like tree branches, wood, old cans or anything else snakes, mice, & spiders would like to live or hide in.
7. Cover window wells & inspect chimneys & attics for any way animals could get in
8. Lastly feel free to call Dispatch or the Game Warden if you need help removing wild animals.
