Code Enforcement Corner

Sec 15-305: It shall be unlawful for any person owning or controlling any hedge, hedge fence and shrubbery bordering on any street, alley or sidewalk in this city to permit the same to grow to a height of more than four feet, or so as to overhang and obstruct any sidewalk, alley or street.

Sec 15-309: There shall be a minimum clearance of 14 feet between the street surface and overhanging branches of any tree abutting any street and a minimum clearance of ten feet between any sidewalk and the overhanging branches of any tree abutting said sidewalk.

High Plains Museum News

Our newest exhibit is a traveling exhibit from the Lewis & Clark Trail Heritage Foundation titled *Reimagining America: The Maps of Lewis & Clark* and will explore their journey through the Louisiana Purchase and how they mapped the West. The museum will display several maps from our collection that show how Sherman County was mapped and the journey of settling this county.

We are looking forward to hosting Martin Gilmore, a musician, who will give a program about the *History of the American West* through song on **October 14th at 2:00** at the museum. Trivia Night will be held **October 21st at 4:00** at the United Telephone Building and this event is for all ages! There is no sign-up necessary and refreshments will be provided, come with your thinking caps on and see if your team can win the prize.

On **Oct. 28 at 2:00** at the museum we are excited to welcome Gary and Margaret Kraisinger to present a program on the Western Cattle Trail

The Goodland Public Library

Puzzle Challenge!

Join us on October 28th @ 10am
Teams of 4 (One team member must be 18+ years old)
Puzzles of 300 pieces will be provided
Please sign up by October 25th
(with Team and Member Names)
Starting time is 10am, please be at the library by 9:45am
Prizes may be given out!

Do you have something to say about the access to child care in your county?

Take the Needs Assessment Survey to tell us more!

Fire Prevention Week October 8-14, 2023

Cooking Safety

Cooking brings family and friends together, provides an outlet for creativity and can be relaxing. But did you know that cooking fires are the number one cause of home fires and home injuries? By following a few safety tips you can prevent these fires.

"COOK WITH CAUTION"

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, boiling, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- If you are simmering, baking, or roasting food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

If you have a small (grease) cooking fire and decide to fight the fire...

- On the stovetop, smother the flames by sliding a lid over the pan and turning off the burner. Leave the pan covered until it is completely cooled.
- For an oven fire, turn off the heat and keep the door closed.

If you have any doubt about fighting a small fire...

- Just get out! When you leave, close the door behind you to help contain the fire.
- Call 9-1-1 or the local emergency number from outside the home.

Cooking and Kids

Have a "kid-free zone" of at least 3 feet (1 metre) around the stove and areas where hot food or drink is prepared or carried.

FACTS

- The leading cause of fires in the kitchen is unattended cooking.
- Most cooking fires in the home involve the kitchen stove.

October 1st-7th
