**2025 – Dept 02 – ADMINISTRATION
GENERAL FUND SUMMARY**

FUNCTION

Expenses for the City Commission, City Attorney and general administrative staff in part are tracked through this department fund. The Goodland City Commission consists of five Commissioners who are the governing body of the city. The City Commission establishes policy, enacts ordinances, holds public hearings, approves contracts and authorizes all public improvements.

The City Manager is the chief administrative officer of the city and is responsible for the administration of all departments. The City Manager informs and advises the City Commission as required on policy implementation.

The City Clerk oversees services in finance, utility billing, human resources, payroll, records management and customer service to support every other city department and the citizens of Goodland.

Number of staff (full time & part time paid and any volunteers)

In this fund there are two full time employees, the City Manager and City Clerk. In 2023, the Administrative Assistant is paid ½ from this fund and ½ from Building Inspection. This also funds ¼ of IT Director, part time maintenance employee, Mayor and Commission.

Funding and explain source

General fund revenues from property taxes, sales taxes and other general fund revenues. Indirectly there are transfers from water, sewer, electric and health and sanitation utilities (franchise fees) when possible to pay for other city services.

Any actions taken to control costs or mitigate rising costs in the departments

Utilize city staff for maintenance and projects when possible.

Continue seeking alternate methods to communicate with customers to reduce postage costs and ensure positive customer relations.

Utilize grants when available to assist with projects for the City.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

More transparency and communication in financial matters, which includes communication to public in a number of avenues – venues – generations.

Inflation of cost and supply of supplies.

The City needs to consider an updated comprehensive plan to assist with future plans for the City. The current plan is over twenty years old and outdated so difficult to use for planning the future.

Continue seeking grant money available for projects. The City will have to put matching money in reserve to assist being awarded grants. With the BASE grant award, that fund will be exhausted in 2024.

**2025 – Dept 03 - POLICE
GENERAL FUND SUMMARY**

FUNCTION

To provide professional and comprehensive law enforcement services for the City of Goodland.

OBJECTIVES FOR THIS BUDGET

- Provide salaries for six Officers, two Sergeants, an Assistant Chief, a Records/Evidence Administrative Assistant, an Accreditation Manager/Records/Evidence, and a Chief. We also employ one part-time officer position. I would like to eliminate the part-time Clerk position and add the full-time Accreditation Manager/Records/Evidence Administrative Assistant. This addition and subtraction of staff is in the budget presented.
\$613,473 Line item 11-03-1010-1060 Salaries and overtime (Increase)
- Provide funds for additional support services for the department such as Enterpol (share cost with County at \$6,187 each) and Digi ticket, etc. Digi Ticket is a new vendor that will replace "Scenedoc". The initial one-time cost of this service in 2025 is \$25,500, which takes care of the software, licenses, training, and portable scanners. The annual service starting on year 2 (2026) is \$3,840 which is **\$2,723** cheaper than "Scenedoc". Digi Ticket is a lot more user-friendly, has additional features and is directly linked to Enterpol which is our current CAD provider. Once the ticket is generated it will automatically upload to Enterpol saving an immense amount of time for Records and the Officers. The initial one-time cost for the interface from Enterpol in 2025 is \$2,500 and starting year 2 (2026) is \$805 annually.
\$34,187 Line item 11-03-2050 Changed the line item name from Equipment Main/Repair to "Software Contractual" (Increase)
- Provide membership fees for the Kansas Peace Officer Association (All officers), Kansas Association of Chiefs of Police, Mid States Organization (All officers), International Chiefs of Police, and KU Edwards Cam.
\$1,000 Line item 11-03-2080 Membership Dues (No change)
- Provide funding for natural gas at the police station.
\$6,000 Line item 11-03-2100 Other Utilities (Decreased by \$1,000)
- Provides any funds needed for advertisement purposes
\$600 Line item 11-03-2130 Printing/Advertising (Decreased by \$200)
- Provides funding for pest services, IMA inc, employee testing, pre-employment screening, fire extinguisher compliance, blood draws for suspects (DUI's), and medical bills related to suspect injuries.
\$4000 Line item 11-03-2140 Professional Services (No Change)
- Provides funding for KMU quarterly training.
\$2500 Line item 11-03-2170 (No change)
- Provide funding for telephones, internet, jet packs (Mobile Wi-Fi) service for our in-car computers. The in-car Wi-Fi also provides service for our fingerprint

scanner, KCJIS access, and Digital Ally uploads. The service is provided by Verizon and beginning in 2024 expended from this line item.

\$14,000 Line item 11-03-2180 Telephone (No change)

- Provide funding for fuel, motels, and meals regarding training, meetings, graduations, etc. This line item is requested to increase by \$200 due to the rising costs associated with training.

\$5000 Line item 11-03-2190 (Increase)

- Provide funding for prisoner care at Sherman County. In 2023 and 2024 YTD they have not provided the billing for services.

\$2,500 Line item 11-03-2230

- Provide funding for building maintenance at our facility.

\$6,000 Line item 11-03-3030 Building Maintenance/Repair (No change)

- Provide funding for maintenance, repair, and replacement of duty items such as less lethal items, handcuffs, O.C., taser equipment, etc. This is a new line item created for 2025. These items were previously mixed in with "Operating", that line item has been adjusted as well.

\$2500 Line item 11-03-3050 Duty equipment Maint/Repair (New line item)

- Provide funding for the maintenance of police equipment and computers. This also includes LET's which is our confidential informant surveillance annual cost.

\$6,000 Line item 11-03-3060 Equipment Maintenance/Repair (No change)

- Funding for gas and oil for the vehicles. This is a large expense with the vehicles providing 24-hour police services to the City of Goodland.

\$28,000 Line item 11-03-3070 Gasoline/Oil (No change)

- Funding for office supplies, paper and supplies for community events. The goal is to reduce this line item in the coming years by using less paper and ink/toner for the printers. Office supplies \$4,500; Community Events \$1,000

\$4,500 Line item 11-03-3120 Operating Supplies (Reduction due to new line item)

- Funding for postage sent, mainly to the KBI for evidence. Asking for an increase of \$100 due to the amount of items being sent.

\$300 Line item 11-03-3130 Postage (Increase)

- Funding for uniform supplies for both new officers and current.

\$3,000 Line item 11-03-3160 (No change)

- Funding for maintenance, tires, and repair on vehicles. I am asking for an increase as this historically has been over budget. I am asking for an increase of \$3,000 due to an additional vehicle and the aging of the vehicles, this is becoming much more costly.

\$7,000 Line item 11-03-3170 Vehicle Maintenance (Increase)

- Funding for the K9 program which includes the food and supplies.

\$2,000 Line item 11-03-3250 Canine Expenses (No change)

- Funding for the transition of the Body/Dash Cam Program \$20,138 and Taser Program annual payment of \$6,000.

\$26,138 Line item 11-03-4020 New Equipment

- Transfer of funds to Capital Improvement Reserve Fund.

\$8,000 Line item 11-03-7100 Transfer to CIRF

 1 part-time police record clerk – as necessary (Asking to eliminate this position in 2025)
 1 part-time officer – as necessary

Funding and explaining the source

General fund revenues from police fines, property and sales taxes, and other general fund revenues. The police department also utilizes money in other funds. Money from the VIN fund is received by conducting vehicle inspections for the State of Kansas. This money is allowed to be used for training and new equipment. In addition, the department will receive monies from drug forfeitures and vehicles impounded from seizures that are deposited in the Law Enforcement Trust Fund. This money must be used for law enforcement equipment per statute. With updates in regulations, it is becoming more difficult for the City to obtain the forfeiture money.

Any actions taken to control costs or mitigate rising costs in the departments

As grants are available we continue to apply for those to reduce the impact of the budget.

We consistently reach out to vendors to bring training to the Police Department. Benefits are free attendance for hosting which saves on travel expenses (hotel, gas, meals, wear and tear on patrol units) and wages.

When possible, State contract pricing is requested on vehicles, tires, and equipment.

We have partnered with the Patrick Leahy Bulletproof Vest Partnership Program. This is a government grant that pays half the cost of officer's vests.

We continue to work with vendors for bulk pricing.

GSA/LESO program- This program allows us to use patrol rifles from the Federal Government.

We push the officers to participate in campaigns that offer free equipment for participation. All campaigns offered we do participate in. This includes seat belt (Click or Ticket), DUI, and traffic campaigns. These have provided a lot of free equipment utilized by officers daily.

I am currently monitoring closely the vehicles in regards to mileage and age. At this time I have not set a "Mile replacement" value. As the vehicles age, we are experiencing more mechanical issues which will play a part in the decision to replace at a certain age or mileage. We purchased two new vehicles in early 2022 to replace the fleet as approved by the commission. In 2023 we did purchase two used vehicles both being Ford Explorer (Interceptors). The 2019 only has 23,000 miles and the 2017 has 63,000 miles on it.

What they see as their biggest challenges over the next 3 to 5 years within their department include facilities, equipment, staff, costs, lost funding, etc.

Staffing and maintaining highly trained officers. Work incentives, such as the following, to encourage officers to stay with the department.

1. Employee of the quarter/year program
2. Ensure they have the equipment to do their job efficiently
3. Department get-togethers
4. Empowerment (Openly take suggestions and implement ideas that benefit the department)
5. Continued administration support
6. Include the employees in events that involve the public they may be interested in.
7. Include the employees in purchases (Not all) and equipment that directly impacts how they operate in the field.
8. Employees have the opportunity to pick their training during the year. As long as it benefits the department and employee the training is generally approved.

We will continue to do our best with keeping up to date equipment that will assist officers in the field. Old or worn-out equipment is replaced as the budget allows. Safety is and will be a top priority for replacing equipment and making officer's jobs safer in any way possible.

Inflation continues to be a big concern with day-to-day purchases. We will continue to look for alternative ways to purchase while still buying long-lasting, quality equipment. Buying quality equipment will also have a positive effect on the budget as the equipment lasts longer and replacement is less frequent.

We will continue to work with the community and attend community events. We have attended a lot of events thus far this year and that will continue. We will also generate our community involvement such as the bicycle rodeo, citizen's academy, trunk or treat, etc.

**2025 – Dept 04 – MUNICIPAL COURT
GENERAL FUND SUMMARY**

FUNCTION

To provide municipal court services for misdemeanor traffic and city ordinance violations as governed by Title 12, Article 41 of the Kansas Statutes Annotated

OBJECTIVES FOR THIS BUDGET

- Provide the salaries and overtime of the Municipal Court Clerk/Judge
\$87,181 *Line item 11-04-1010-1060 Salaries and Overtime*
- Provide funding for professional services.
\$3,000 *Line item 11-04-2140 Professional Services*

Number of staff (full time & part time paid and any volunteers)

- 1 - Municipal Court Judge/Clerk
Municipalities will normally have this as two positions, a court clerk and a contracted judge. Goodland combined this position into one and she is performing both the clerk and judge duties since February 2004.

Funding and explain source

Funds collected from fines, court costs, attorney fees and restitution remitted to the general fund, property and sales taxes. Other fees are collected as per state statutes and remitted to the state on a monthly basis. Funds collected for Diversion and Administrative fees are allocated for equipment and training for the Municipal Court and the Police Department in the Diversion Fund.

Any actions taken to control costs or mitigate rising costs in the departments

Court attempts to collect all fines assessed to defendants through payment(s) by defendant. The Municipal Court strives to accommodate the defendant by setting up payment plans. If they fail to adhere to the plan, then court may do one or more of the following to attempt to collect the fees due: summon them

back to court for a "show cause" hearing, suspend driving privileges on traffic cases, issue a bench warrant, submit unpaid fees to Kansas Setoff program, and submit unpaid fees to a collection agency.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Barring any unforeseen developments, the municipal court has withstood the budget cuts fairly well. However, as I advise commission, each year, the prisoner care and indigent defense fund could see more activity with more arrests for crimes that require jail time, a change in the city prosecutor and their philosophies on punishments, and the general activity of the police department in enforcement practices.

The facilities and equipment are adequate at this time. There have been discussions over the years about purchasing a metal detector for the Commission/Courtroom. I believe at this point it is cost prohibitive to purchase the equipment and to have someone available to man the detector during meetings or court.

2025 – Dept 05 – ANIMAL CONTROL
GENERAL FUND SUMMARY

FUNCTION

Provide accounting of contracted animal control services to the City of Goodland. In 2022, Sherman County entered into their own agreement for animal control services in the county.

OBJECTIVES FOR THIS BUDGET

- Contract for professional services such as animal control and impound contract, euthanasia services, etc.
\$55,000 Line item 11-05-2140 Professional Services
- Operating supplies May need to increase in future to handle traveling costs for out of town veterinary services.
\$200 Line item 11-05-3120 Operating Supplies

Number of staff (full time & part time paid and any volunteers)

None – contract with Kathy Schermerhorn.

Funding and explain source

General fund revenues from dog tags, impound fees sales and property taxes.

Any actions taken to control costs or mitigate rising costs in the departments

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

A new contract for services was approved in 2023, which was the first increase since original contract signed in 2010.

Retirement of individual currently providing services for the City. The City needs to have a plan in advance.

The van grant is an 80/20 split with the State of Kansas. Other revenues come from passenger fees for riding the van. Fees are currently set at \$1.50/trip. General fund revenues are estimate at \$20,000 per year which includes van revenue and grant reimbursement.

Any actions taken to control costs or mitigate rising costs in the departments

Extent of support for these activities. Citizens utilizing the service has increased this past year.

City was able to acquire a low mileage decent van after the accident in 2022 at no additional cost. This will help us delay the purchase for a new van.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

This is a good part time job for retired individuals, but becomes taxing when you have to load and unload wheelchair or disabled riders.

Increased usage with gas costs and other inflation effects, which in turn will increase our costs.

We are seeing an increase in citizens utilizing services but we also see the increase of citizens becoming impatient or understanding the policies of the services. We have had to implement disciplinary policy on some citizens, which concerns this could be a trend for the future.

Last year the State decreased funding for entities providing services. If this continues, we will have to address our cost for citizens.

City share in the cost of a new van with inflation. There are conversations on utilizing EV charging vehicles in the future.

**2025 – Dept 07 – FIRE DEPARTMENT FUND
GENERAL FUND SUMMARY**

FUNCTION

City Fire was merged with Sherman County Fire based on approval from the Attorney General in memo dated 09-10-2021 and Inter-local Agreement approved 06-07-2021 by the City Commission. Due to the delay in approval by the Attorney General, City and County staff, with legal guidance made the decision for merger to be effective 01-01-2022.

OBJECTIVES FOR THIS BUDGET

- Dedicated expenditure for city's portion of fire department services as stated in inter-local agreement. The agreement states "The Fire Department budget as approved and adopted shall be funded at 51.8% by Sherman County and at 48.2% by the City of Goodland, which is based on each municipality's budget for fire protection for the 2020 year." The amount budgeted remains the same as previous year, based on the 2020 fire budget.

Number of staff (full time & part time paid and any volunteers)

None.

Funding and explain source

General fund revenues of sales and property taxes.

Any actions taken to control costs or mitigate rising costs in the departments

In the fire service, as is almost anywhere, it is very difficult to prevent the control of rising costs. Each year, fire equipment and apparatus costs go up 3% to 7% and that does not include this year's and possibly next year's inflation prices. These price increases are out of the control of the fire department, and we are at the mercy of the fire equipment industry since we must purchase equipment designed for the fire service.

As a department we will strive to do our best of taking care of our equipment and apparatus by doing preventive maintenance on fire apparatus, pumps, SCBA's and extrication equipment to help keep the costs down. We already have an annual test and service program of these items, and if anything is found to be damaged, it is fixed by the service technician extending the life of that piece of equipment or apparatus. With that being said, these preventative maintenance programs too are rising in cost, and again this is out of the control of the fire department.

In the seventeen years as Chief of the department, we have already invested in equipment to help with ISO points and to keep our ISO points level or to get better. I do not see a huge need for many loose items/equipment that will need to

be purchased soon. Unless a piece of equipment is unrepairable, there is no need to purchase equipment that we already have or don't need. We will strive to maintain the level of what we have. To spend money just to spend money is not good business. Wants and needs are two different things, if you don't need it, don't purchase it!

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Volunteerism is a dying breed. In the seventeen years as Fire Chief, I have seen a huge decline in people wanting to do this job, and I do not see it getting any better. This is happening across the entire US. To help try to make firefighting more enticing for people to join, the Sherman County Fire Board approved a new wage for fire personnel. Fire personnel use to get \$26.00 for every call and training. Now, fire personnel are getting \$28.00. Fire personnel use to get \$10.00 an hour if a call or training lasted more than three hours. Now, fire personnel are getting \$12.00 an hour after three hours or work. The City Commission will need to look at giving more funds for this line item soon. Currently Goodland has 31 fire personnel. In 2023 Goodland ran 195 fire/rescue calls and held 24 trainings. With the amount of calls and trainings and with the new pay wages, this depleted the Sherman County salary line item quickly causing more funds to be pulled from the City of Goodland fire funding.

Bunker gear is a Capital Outlay project item that we must replace every 10 years due to the National Fire Protection Agency or NFPA regulations. This is a heavy cost that will have to be looked at and saved for every year. A firefighter cannot safely fight fires with gear that is over 10 years old per NFPA. If the department allows this, and a firefighter is hurt do to his/her aging gear, the fire department could be held liable. The Sherman County Fire Board approved the purchase of ten (10) sets of new bunker gear at the cost of \$35,330.00. The remaining City bunker gear capitol outlay funds was \$20,000.00. This capital outlay fund was 100% depleted after this purchase and the County funded the remaining \$15,330.00. The Fire Board has agreed to continue putting \$5,000 from City funds annually in a capital outlay project for new bunker gear.

Fire apparatus in general is another Capital Outlay project that will need support every year. Fire apparatus is only getting more and more expensive. City's Engine 1 was purchased in 2007 at the cost of \$280,000. In today's market, City's Engine 1 will now cost the tax payer over \$400,000. This is something that will need to be seriously looked at since all the City's fire apparatus are becoming an aging fleet. The Rural Department has purchased some apparatus that is used and in very good shape, saving the taxpayer hundreds of thousands of dollars, but the department needs to be smart about over buying used apparatus. As we all know, when you buy used items, you may inherit major and or costly problems. The purchase of buying new occasionally, should help deter that. The City also purchased a used Ladder Truck back in 2013 at the cost of \$130,000,

saving the tax payer over \$600,000 and gaining the department more ISO points helping the department go to an ISO class 3. Lowering our ISO points helped the tax payer save money on their fire insurance premiums. Ladder 1 is an aging apparatus (1997) and is a costly apparatus to fix if anything breaks on it, but it's a valuable piece of equipment that makes the department more versatile in fighting structure fires. This apparatus will need to be possibly looked at replacing in the next five to ten years. City Engine 2 (1999) is an aging piece of equipment and is slated to be replaced in 2025.

The Sherman County Fire Board approved the purchase of a new fire engine that will take the place of City Engine 2 and Rural Engine 11. This new apparatus will take care of emergencies in both the County and City limits of Goodland. The City apparatus capital outlay project funded over half the cost of the new engine causing this capital outlay project fund to be 100% depleted. The County equipment reserve paid for the other half. This new fire engine is slated to be in service by the end of 2025 and it cost the taxpayer \$429,735 to build. With the depletion of this City capital outlay project fund, the Sherman County Fire Board has approved to allocate \$35,000 annually from City funds to start saving for a new fire apparatus for Goodland.

The training grounds located at 1006 Armory Rd. has made huge progress with the help of Dane Hansen Foundation. Currently, the department is now looking at expanding the current training building to allow for more advanced types of trainings with the help of funding from Dane Hansen Foundation.

In the next ten years, the department will need to look at updating our SCBA's. At the moment we are under the 2013 NFPA standard on SCBA's. Before the SCBA's were updated to the 2013 standard, the SCBA's were under the 2002 NFPA standard. At the time of purchase of the 2013 SCBA standard, each unit cost the City \$5,000. The City purchased eighteen units over a three to four-year span.

The fire service is not a money-making service. We are funded 100% by the tax payer and in return we strive to provide the best fire service between Denver and Kansas City. With striving to provide the best fire service, we may have to invest a little more in the future to help keep it the best trained and equipped department it can be. The Goodland tax payer deserves nothing but the best!

The Building Inspector/Code Enforcement Official and beginning in 2023, ½ the Administrative Assistant.

Funding and explain source

General fund revenues from occupational licensing, building permits and property taxes. Properties that have not paid for nuisance violations are submitted to Sherman County per code toward the taxes on such property.

Any actions taken to control costs or mitigate rising costs in the departments

We have eliminated the permit technician position at the current time, utilizing the Administrative Assistant in this position.

Trying to work with the citizens to allow them the chance to abate nuisance issues. If they keep consistent communication and follow an established timeline to prevent extra costs for the city from having to take care of it.

There are a number of dilapidated properties that have been abandoned and need addressed. We are prioritizing these to meet budget needs.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

With the rising cost of labor and materials for contract work that the city needs, we will need to raise the budget to allow me to keep removing these properties and keeping the weeds and vegetation maintained. There are a couple larger structures that will need to be addressed as well for example Res-Care, Roadway, 17th and Main, Motel 6 and Diner.

Prioritizing the needs of the community regarding housing as well as available lots for businesses to be attracted to.

Bulk Fuel reserve (per commission)			73,944.05	only if money left in budget	

Number of staff (full time & part time paid and any volunteers)

Seven full time employees, Superintendent and two seasonal employees to handle street and alley maintenance.

Funding and explain source

General fund revenues through sales and property tax. Please note that the chip seal project is paid with gas tax in Special Highway. In this budget we transfer additional money to assist with expenses for more streets if necessary.

Any actions taken to control costs or mitigate rising costs in the departments

Generally there is a set amount budgeted for this department. This budget has not increased in sometime to offset the rising cost of material, there for we work with the allotted money that is available for the budget. Which in this case when the street department needs to crack seal or poly patch depending on other projects that are getting done through the year those items might get cut back.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The street department still has been seeing increases in material costs, but there has been a few items that have leveled off or decreased.

Examples:

Concrete: Was \$157, Now \$178

Cold Patch: Was \$83.21/ton, Now \$105/ton

Chip seal: Chip seal money will be used for Caldwell Project

Poly patch: Was \$1,512 a pallet, Now \$1,185 a pallet

Crack Seal: Was \$1,665 a pallet, Now \$1665 a pallet

Paint: Was \$128/5gal., Now \$120/5gal.

These items are just a few of the normal items that are purchased every year to complete jobs; however, these are some of the bigger purchases. Concrete is one of the biggest purchases for the City and I have been told that it will continue to increase. The increase in concrete could cut the size of some projects, or maybe even eliminate the project. We do a lot of concrete, but if budget for concrete does not increase it will be over priced for us to complete concrete projects.

Street department does have some older equipment that will need to be replaced in the future and prices of machinery have also increased. The items we are currently budgeting for have already increased in price, which means the city will have to wait longer to get more money accumulated for that budget item.

**2025 –Dept 13 AIRPORT FUND
GENERAL FUND SUMMARY**

FUNCTION

This funds accounts for the expenses related to the maintenance of the airport facility (specifically the terminal and hangars for which the city is responsible) and the property taxes thereof.

OBJECTIVES FOR THIS BUDGET

- Because we receive revenue from the T-Hangars and other City hangars at the airport we are required to pay property taxes on hangars.
\$26,000 *Line item 11-13-2500 Property Taxes*
- Provide maintenance for the airport terminal building, T-Hangars and other hangars owned by the City.
\$5,000 *Line item 11-13-3030 Building Maintenance*
Provide maintenance to airport equipment ie. Loader repairs, heater, air conditioning, etc.
\$8,000 *Line item 11-13-3060 Equipment Maintenance/Repair*
- Purchase additional equipment needed if beyond maintenance line items.
\$3,000 *Line item 11-13-4020 New Equipment*
- Provide maintenance for airport property.
\$4,000 *Line item 11-13-4050 Building and Land*

Number of staff (full time & part time paid and any volunteers)

City contracts the services with Butterfly Aviation as the FBO.

Funding and explain source

Funded by office and land lease rent, sale of crops harvested on airport property, sales tax and the City is authorized to levy property taxes for improvements.

Any actions taken to control costs or mitigate rising costs in the departments

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Rising cost of natural gas prices and property taxes.

Concern of the age and condition of the T-Hangars at the airport. At the current time we continue to have a waitlist of eligible renters.

Funding and explain source

General fund revenues including sales and property taxes

Any actions taken to control costs or mitigate rising costs in the departments

We have installed LED lighting to help cut electricity costs.

We watch costs to purchase supplies on sale. We also try to repair everything we can or construct/build parts when feasible to help save money.

Employees work hard to eliminate overtime costs.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

We need to look for additional training on irrigation systems and equipment. It is important to get efficient sprinkler systems installed in all parks.

The park equipment and vehicles are getting older and needing more maintenance.

Some park buildings are in need of painting and maintenance.

Continue facing 30-60% increase in costs with fertilizer, chemicals, equipment and fuel.

We have a lot of projects on the list utilizing money from Special Parks Fund, but we do not receive a lot of money in the fund a year.

Currently maintain 7 park areas (with Steever and Pioneer Park having 2 areas count toward 1 park). The 7 parks comprise a total of 26.49 acres. There are 5 sets of bathrooms, playgrounds in 5 parks, a dog park, frisbee golf course, skate park, tennis courts, pickleball courts, sand volleyball court and additional shelters in 6 of the 7 parks. This doesn't even count the walking trail.

In addition, parks staff maintains the grounds of city hall, arts center, immediate area next to airport terminal building, welcome center, historical museum, power plant that isn't part of Steever Park, inside the water park fence, area around basketball court next to West Elementary and police station/armory building property.

The walking trail is an asset to the community. However, the more projects the committee installs (even from grant money), requires more maintenance and expense on behalf of the City.

1 full time director and 3 part time employees.

Funding and explain source

General fund sales and property taxes.

Any actions taken to control costs or mitigate rising costs in the departments

If the work can be done by museum/city staff it is, reducing the cost of labor.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The biggest challenges the museum will face over the next three to five years will be the outside of the metal building, exhibit and educational programming costs, keeping up with increasing prices for gift store items and museum quality supplies. Finding quality employees that are willing to work part-time could be a challenge in the next few years. The roof will need to be replaced as well as it is currently patched every year.

Services for cemetery maintenance are under contract with Joni Guyer. Current contract amount of \$48,880 can be negotiated effective March 1, 2026. Budget for 2024 includes two months at the old contract amount and ten months at current contract amount to \$48,880 effective **March 1, 2024**.

Funding and explain source

General fund property taxes, sales taxes and the County pays annually an amount for services, which has been around \$33,000, but it fluctuates based on value of county mill.

Any actions taken to control costs or mitigate rising costs in the departments

City staff assists Joni with projects in cemetery to avoid additional labor costs.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Building maintenance expenses continue to escalate on old buildings. The chapel was vandalized in late 2022 and repaired in 2023, but the roof is still in need of repair. Only minor repairs have been made to other buildings. Roof on maintenance shed is leaking, made minor repairs, but still see leaks.

Chemical expenses to keep stickers and weeds under control continue to escalate. To cover the chemical expense, the costs are paid both from here and cemetery improvement fund.

The City is limited on remaining available spaces and needs to purchase additional land. This has been addressed the last few years but removed from budgets. In the 2024 budget Commission started the transfer from the cemetery improvement fund.

Services are by contract with SCCD.

Funding and explain source

General fund property taxes, sales taxes and other general fund revenues.

Any actions taken to control costs or mitigate rising costs in the departments

Economic development and incentives come at a cost. Finding affordable incentives that benefit all interests has been difficult. A committee from SCCD is currently working on affordable incentives.

The City was awarded the BASE grant which was a joint effort of the City, SCCD and NWKTC for streets, water and sewer in the Industrial Park. This is in hopes the park will become more attractive to businesses wanting to locate in Goodland.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Increase in businesses relocating to rural locations because of remote operations.

Is the payment of \$90,000 enough for operations with inflation?

Addressing current issues for the community, such as housing, will come at a cost. SCCD and the City are working together to incorporate programs that will work for our community and the requests we are receiving.

The building on Highway 24 is aging and need of repairs. Currently the building does not have a public restroom for travelers stopping to visit Goodland and our sites.

Number of staff (full time & part time paid and any volunteers)

City staff depends on availability of seasonal employees. With the pool and slide pool, there are numerous stations that require coverage at all times, in addition to concession and front desk workers. Staff numbers average thirty employees.

Funding and explain source

General fund from admission fees, concession sales, property taxes, sales taxes and other general fund revenues.

Any actions taken to control costs or mitigate rising costs in the departments

City crews assist in maintenance at the pools when possible to assist with labor and maintenance costs. The street, water and park departments work together to find and fix leaks, and replace concrete at the pool after deficiencies are addressed.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

Wage of staff at the pool is low because they are seasonal employees. It is getting hard to hire staff.

Admission costs to the pool were adjusted slightly last year. They remain very low compared to other pools.

We received pump impellers replaced spring 2024. These are high dollar items and delivery longer than anticipated. We started the process in late summer 2023. We plan to update the slide pump fall 2024. New baskets and seals for filters have been ordered this year but not received yet.

Have concerns putting chemicals in the balance tank instead of directly in the water at end of day. Putting chemicals directly in the balance tank is a strong concentration of chemicals in the tank that damages components and filters.

The pool is over twenty years old and we are seeing maintenance issues. We have had a number of leaks over the last few years, it is very costly due to the hours looking for leaks, tearing out concrete and replacing it. Is it cost effective to keep putting money into an aging facility, should we look into updating the facility or look for funding for a new facility?

2025 ELECTRIC PRODUCTION FUND SUMMARY

FUNCTION

The City's power plant is manned Monday – Friday from 7 A.M. to 4 P.M. by five employees. The City of Goodland owns and operates its own electric utility. This enables the City to generate electricity for the entire City if the need arises. Under normal conditions the City purchases electric power from outside sources. However, with the ability to generate its own power the City maintains the ability to provide electric power to our citizens when supply is not available or when cost of production is more advantageous than purchasing power.

OBJECTIVES FOR THIS BUDGET

- Improve the reliability and maintain the capacity of the power plant
- Provide the salaries and benefits for five employees and ½ Director of Electric Utilities with the power plant production. (One vacancy eliminated in 2023, as no longer needed.)
\$439,602 *Line item 15-40-1010-1060 Salaries, OASI, Retirement, Insurance and Overtime*
- Provide funds for power purchased through our current power contract with Sunflower Electric.
\$3,500,000 *Line item 15-40-2120 Power Purchased*
- Provide funds for maintenance and repair to engines, computer and other equipment in the plant, which are large cost items.
\$80,000 *Line item 15-40-3060 Equipment Maintenance/Repair*
- Funds for oil for the engines at the plant.
\$13,000 *Line item 15-40-3090 Lubricating Oil*
- Provide funds for office supplies, computer paper, cleaning supplies, bolts, gaskets, etc. for the power plant.
\$10,000 *Line item 15-40-3120 Operating Supplies*
- Transfer of funds to Capital Improvement Reserve Fund.
\$8,000 *Line item 15-40-7100 Transfer to CIRF*

Number of staff (full time & part time paid and any volunteers)

There are five employees and ½ the Director of Electric Utilities in the power plant. During summers 2021, 2022 and 2023 we have been asked to assist with an intern apprentice.

Funding and explain source

Electric fund is a fee for service through electric sales, penalties, connections, and other items accounted for separately.

Any actions taken to control costs or mitigate rising costs in the departments

We are monitoring costs of supplies need to maintain power plant operations. Increasing costs of gas has warranted us to reconsider frequency of maintenance runs on engines at the plant.

Continue changing lights to LED to save on energy costs.

With increased costs the plant will have to consider maintenance mode more often than new projects to keep costs down. The plant is an asset to the City that provides a good negotiating tool.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The negotiation and procurement of a new power contract is highest priority in the next 2 years.

The rising costs and ability to get machine parts for our older generators will be a huge concern.

Being able to maintain trained staff, competing with wage increases in the private sector

After KMEA 101, consideration of an Electric Master Plan. In process of pursuing the South Loop project with the request of additional businesses using power. Also need to look at a Diesel CAT unit for capacity. List of Vehicles/Equipment is below:

Electric fund is a fee for service through electric sales, penalties, connections, and other items accounted for separately.

Any actions taken to control costs or mitigate rising costs in the departments

We are currently looking at ways to control supply chain issues. Whether it be through cooperation through other municipalities or Co-ops. We have been in conversations about becoming a member of a KMEA member utility warehouse. Current delivery for bucket trucks is two years. The cost of the trucks has also been affected by inflation.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

It is tough to manage the budget through these tough times. Maintaining our infrastructure will be most important. With costs and supply chain issues, any future growth will have to be planned out. The days of getting material in 2 weeks are in the past. We are currently looking at months and years.

Ordering new equipment is an issue. Vendors are quoting trucks with delivery up to two years. Each year the cost rises so we will have to look at our budget and determine if the amount we budgeted for in the past will even come close to purchasing the units in the future.

Maintaining our current trained staff will be key.

We need to have an electric master plan completed of the system. In the plan we need to assess the benefit of purchasing a diesel CAT unit to assist with our capacity in the future.

Number of staff (full time & part time paid and any volunteers)

Department employees are the Utility Billing/Deputy City Clerk, HR/Payroll/Treasurer, AP/AR Clerk, Customer Service Clerk and ¼ IT Director.

Funding and explain source

Electric fund is a fee for service through electric sales, penalties, connections, and other items accounted for separately. When budget permits, transfers from water, sewer, and health and sanitation are budgeted to pay share of services.

Any actions taken to control costs or mitigate rising costs in the departments

Continue paying transaction fees for online payments to encourage payment on accounts, trying to limit delinquent and cutoff accounts. With then number of transactions increasing, these fees also increase.

Continue to promote use of the Front Desk services where bills are emailed which has helped reduce postage costs. The customer also has account information at their fingertips. We are evaluating the need of the Customer Service Clerk with the increase of citizens paying online which decreases office traffic and the systems being moved to the cloud is supposed to increase efficiency.

In 2023 utility information on Tantalus is housed on server at KMEA. All fees for service are divided among utilities utilizing KMEA. As more cities provide the service, fees decrease as cost is spread among more cities.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The accounting software is gradually moving services to the cloud. So far they are in process of moving utility billing and payroll services. This process has taken longer than anticipated with incorporating Tantalus services with Utility Billing and some fixes needed for Payroll. They will then begin working on the General Ledger and Accounts Receivable/Payable modules. It appears customers are adapting to the services, but we are still having some glitches fixed.

Improving communication to public through a number of avenues to improve transparency in billing and city services.

With the state of the economy, it is getting more difficult for people to pay their utility bills. We work with them to get back on track if we can but it is difficult for customers with all costs rising.

Cross training of operations. It is becoming difficult to keep updated and have time to cross train employees proficiently on other jobs. With services being moved to the cloud we are planning on this assisting to train all employees at same time.

**2025 WATER ENTERPRISE FUND
FUND 21/40 PRODUCTION AND 21/42 DISTRIBUTION SUMMARY**

FUNCTION

Provide clean, safe drinking water for the use and benefit of the citizens of Goodland and maintain sufficient flow and availability of water for fire protection.

OBJECTIVES FOR THIS BUDGET

- Improve the reliability and maintain the capacity of the production and distribution systems.
- Continue to work with the fire department on a continuing program of flushing fire hydrants and exercising valves as part of system maintenance.
- Continue to develop a program to limit and account for water loss.
- Continue to budget adequate funding for the replacement of media at the water treatment plant.

PRODUCTION

- Provide the salaries and benefits for half Superintendent of water and sewer utilities and ¼ of the IT Director. Superintendent is now paid ½ water and ½ sewer. Prior budgets was entirely water.
\$78,466 *Line item 21-40-1010-1060 Salaries, OASI, Retirement, Insurance and Overtime*
- Provide funding for liability, casualty, vehicle and property insurance for water production.
\$13,000 *Line item 21-40-2060 Insurance*
- Provide professional services on the wells, IT subscriptions/licenses, and water lines.
\$40,000 *Line item 21-40-2140 Professional Services*
- Provide funds for chlorine and salt for use at the treatment plant.
\$50,000 *Line item 21-40-3040 Chemicals*
- Provide funds for maintenance and repairs on the wells and towers.
\$40,000 *Line item 21-40-3060 Equipment Maintenance/Repair*
- Transfer of funds to Capital Improvement Reserve Fund.

Number of staff (full time & part time paid and any volunteers)

We have three full time employees and half the water/sewer utility supervisor that share the water production and distribution systems. The fund also pays for ¼ of the IT Director's salary and benefits.

Funding and explain source

Water fund is a fee for service through water sales, penalties, connections, water taps, and other items accounted for separately.

Any actions taken to control costs or mitigate rising costs in the departments

Water rates were recently reviewed with a slight increase. Rates need to be reviewed annually.

Continue maintenance on equipment. Equipment is aged.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The water towers have been neglected for a number of years with maintenance and the contracts to complete maintenance. We continue working with Viking to get a plan in place. Current plan is to complete work on power plant tower in 2024.

Training of staff for certifications required to meet State requirements.

Crew is still fairly new to system, training is required to get familiar with the water systems.

Purchase well rights near City limits or build new well sites, then resize raw water lines for water well expansion.

Rehab current wells on a continual basis. Wells are old and need regular maintenance.

Expanding water lines for community growth and a waterline project for updates to our infrastructure.

New EPA Lead and Copper regulations require additional sampling beginning in 2025. In addition, they require replacement of 3% percent of your water lines that are lead annually. The City is fortunate not to have any lead lines in our system. However, we do have some smaller lines around the city that need replaced due to age.

Develop and maintain a backflow/cross-connection control program to comply with State regulations.

Get a plan in place to insert valves in the system to prevent shutting down a larger area than needed when working on water lines.

We need to complete a water master plan of the system to assist with future projects and priorities.

Working on replacing remaining water meters to radio read. ERT and meter pricing has risen in the last couple of years.

Prices for chemicals to treat the water continue to rise.

Number of staff (full time & part time paid and any volunteers)

There are two employees and half the water/sewer supervisor for the sewer utility. The fund also pays for ¼ of the IT Director's salary and benefits.

Funding and explain source

Sewer fund is a fee for service based on residential or nonresidential charges, sewer taps, penalties and other items.

Any actions taken to control costs or mitigate rising costs in the departments

Continue maintenance on equipment and facilities to keep large expenditures to a minimum. Sewer has been neglected for a number of years which resulted in unanticipated expenditures beginning in 2022.

The sewer rate has a minimal increase built into the rate annually, but the rates need to be reviewed annually.

Sewer tap fees have not been reviewed in many years, the rate needs increased.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

With employee turnover, current employees need to learn the system and get the system and sampling back on track. It will be a cost to catch up from past negligence.

Getting the proper training and certifications for new staff at the wastewater treatment facility.

Maintenance on plant, lines and lift-stations has been minimal the last number of years and needs to get caught up and continue to maintain them.

Keeping up with the sewer line deficiencies in the system discovered after the camera and cleaning projects. We had a sewer lining project completed in 2023.

We are in need of additional improvements at the treatment plant such as VFD's for the blowers, DO probe and SCADA computer for the reaeration zone. I have reviewed costs and they continue to rise.

**2025 HEALTH & SANITATION FUND
FUND 30 SUMMARY**

FUNCTION

Provide trash and recycle services through a franchise agreement for the City of Goodland and its citizens.

OBJECTIVES FOR THIS BUDGET

- Continue to ensure funds from rate structure are adequate to pay for trash and recycle operations according to the franchise agreement. Current franchise agreement is with In the Can. The agreement was revised in 2022 where the City increased pay to In the Can to \$18.00 per residential and \$28.00 per commercial customer beginning March 1, 2023, based on customer count January and July 1 of each year. Beginning January 2023, any fuel adjustment due per contract for diesel costs are also charged to the customer.

Number of staff (full time & part time paid and any volunteers)

None – other than a portion of time for utility billing staff. Small transfer to general fund to cover these personnel expenses. Also covers town staffing during cleanup days in the spring and fall.

Funding and explain source

Fee for service that is included on the city's utility bill.

Any actions taken to control costs or mitigate rising costs in the departments

The agreement is in effect with final option to renew January 1, 2028.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

The increase cost of diesel fuel, which as outlined in our contract, increases the fee paid for the franchise. Base price for diesel is \$3.50. For every \$.50 increase in the six-month average cost of diesel fuel, based on pump price at Frontier Ag Station in Sherman County, our fee increases \$.25. If it is decreased below the \$.50 increase, rates will return to contract prices.

Contractor asking for an increase in contract, while the City has the electric, water and sewer utility rates that need to be addressed.

Next franchise agreement with final option to renew January 1, 2028.

**2025 Fund 09 – AIRPORT FUND AND
FUND 31 – AIRPORT IMPROVEMENT**

FUNCTION:

09: AIRPORT FUND

K.S.A.3-113 authorizes the use of property taxes for improvements to the airport. The City utilizes this fund for local match on KDOT and FAA grants at the airport. The Commission may levy property tax in this fund as one source of revenue for improvements. Other revenue sources in the fund are T-Hangar rent, investment income and gas royalties from Lobo Gas. Expenditures in this fund are only transfers of local match money to fund 31 for grants.

31: AIRPORT IMPROVEMENT

This is a non-budgeted fund used to account for the expenditures and reimbursements on airport projects awarded the City through KDOT aviation and FAA grants. Revenue sources in this fund are reimbursements from the State or FAA and a fund transfer from the 09 Airport Fund for local match of grant funds. All project expenditures are recorded in this account.

OBJECTIVES FOR AIRPORT BUDGET

- The City must ensure local funds are available in fund 09 when the City signs a grant agreement with KDOT aviation or the FAA. FAA grants are awarded at a 90/10 split for design and construction engineering, construction and close-out. KDOT grants are 90/10 split for construction and construction engineering. Design engineering is 100% local share.
- In FY24 and FY25, municipalities were awarded BIL allocation, in addition to annual funding allocation, to assist with projects. [During COVID until FAA grants awarded in FY24, the federal government funded FAA grants 100%.]

Construct/REhabi Salt & Chem Bldg	395,800	356,220	39,580

Number of staff (full time & part time paid and any volunteers)

The City has a Fixed Base Operator Contract with Butterfly Aviation for the Airport. The airport board is active in moving forward with projects to improve the airport.

Any actions taken to control costs or mitigate rising costs in the departments

It is a balancing act to be pursue project reasonable for an airport of our size, yet maintaining the edge to be attractive to pilots.

What they see as their biggest challenges over the next 3 to 5 years within their department to include facilities, equipment, staff, costs, lost funding etc.

We continue to have citizens request hangar space and the T-Hangars are full. The waiting list continues for the citizens needing space for airplanes.

Cost to rent T-Hangars is \$150 per month, very minimal cost for an airplane.

We continue to receive requests to lease land for hangars. The space for such hangars is minimal as it needs to align with access to the taxiways and runways.

K.S.A. 60-4101 et seq.

Revenues for this fund are received through drug forfeitures, vehicle impounded from seizures, and proceeds from hosting regional training classes. Expenditures must be used for law enforcement purposes only and appropriated to the police department by the governing body.

Specifically K.S.A. 60-4117 B(d)(2) that states, "If the law enforcement agency is a city or county agency, the entire amount shall be deposited in such city or county treasury and credited to a special law enforcement trust fund. Each agency shall compile and submit annually a special law enforcement trust fund report to the entity which has budgetary authority over such agency and such report shall specify, for such period, the type and approximate value of the forfeited property received, the amount of any forfeiture proceeds received, and how any of those proceeds were expended."

2024 Legislature put into law that makes it difficult for agencies to continue collection of funds through forfeitures.

K.S.A. 79-3425c

Proceeds consist of motor vehicle fuel tax distributed by the state via the City and County Highway Fund. These funds are used for construction, reconstruction, alteration, repair and maintenance of the streets and highways of the city.

K.S.A. 79-3425g

This statute allows for the issuance of Revenue Bonds with repayment made by revenues from this fund.

The City typically uses fund as main source to chip seal streets in the City. The Commission has began a reserve from Street and Alley Fund in General Fund to assist with chip seal project to assist with continued increase in costs. This fund is state funded and cannot be certain how long we will continue to receive these monies. Each year depends upon legislative action for continued funding.

Current approved projects are the Sewer Repair Project, Standpipe Project & Local on Base Grant

This fund is not a budgeted fund, used for accounting purposes only. This fund shall be used to account for fiscal recovery funds through the American Rescue Plan Act of 2021. These monies were filtered through the State Treasury in two tranches, one in 2021 and remaining in 2022. Funds need to be obligated by Dec. 31, 2024 and expended by Dec. 31, 2026.

Eligible expenditures of funds are premium pay, revenue loss, public health/negative economic impact or investment in water, sewer and broadband infrastructure. The final rule allows a standard deduction allowance of up to \$10 million, not to exceed the award allocation. This is the provision the City is filing reporting.

This fund is not budgeted, for accounting purposes only. The fund is used to monitor funds from the Efficiency Kansas Project. The State of KS pays the City monies to be used on Efficiency Kansas projects that were approved through an energy audit. This money is paid to vendors once the homeowners project is certified as complete. The property owner then pays the State back through payments on their utility bill and those payments to the State and the City's administration fee are funnelled through this fund.
